Sir:

In view of the telephone interview conducted between Examiner Santiago Garcia (571-270-5182) and Applicants' attorney, Wesley Ashton, on January 11, 2010, please enter the following remarks in application identified above in accordance with MPEP § 713.04:

**Remarks/Arguments** begin on page 2 of this paper.

**REMARKS**

Examiner Santiago Garcia contacted Applicants' attorney, Wesley Ashton, by phone on January 11, 2010 to inform the attorney that Amendment (B), filed October 22, 2009, has been entered and considered so that claims 18-36 have been examined. Examiner Santiago further notified Applicants' attorney that the amendment to the claims, according to Amendment (B), overcomes all of the rejections under 35 U.S.C. §§ 102(b) and 103(a) based on Cowie et al. (U.S. Patent Application Publication No. US 2003/0095609, hereafter the "Cowie Publication") and the art of record.

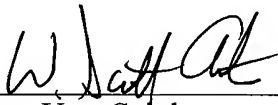

The Examiner notified Applicants' attorney of U.S. Patent Application Publication No. 2004-0264403, which the Examiner contends may be combined with art of record to render at least some of the claims of record unpatentable under 35 U.S.C. § 103(a). However, the Examiner conceded that none of the art of record, either alone or in combination with U.S. Patent Application Publication No. 2004-0264403, would anticipate or render obvious the subject matter of claim 27. Thus, the Examiner proposed amending independent claims 18 and 36 to incorporate the allowable subject matter from claim 27 to place the application in condition for allowance.

Applicants' attorney informed the Examiner that he would notify the Applicants regarding the Examiner's proposed amendment to the claims.

Questions are welcomed by the below-signed attorney for Applicants.

Respectfully submitted,
